Release Planning Working Group

Release Planning Working Group

▶ Charter

- Create detailed release schedule
- Work with contributors regularly to determine schedule issues
- Ensure testing is progressing as planned
- Present quarterly reports to Board of Directors

Release Priorities

- Leverage existing release model based on what Cray, LLNL and ORNL already use.
- Prioritize deliverables effectively to limit release delays.
- Develop effective test plans that ensure release stability while not sacrificing delivery dates.
- Effectively manage bug fixes along with community contributions and features.

For more information, e-mail “info@opensfs.org”

RPWG Members

- DDN – Keith Miller (Lead) and Shuichi Ihara
- LLNL – Mark Gary
- ORNL – James Simmons
- Cray – Cory Spitz
